

# POE SURGE PROTECTOR

## TW-SP005-POE

### TW-SP005- POE Surge Protector

SP-005POE is widely used in protecting the devices which support POE power supply. It supports the IEEE 802.3af and 802.3at standard power supply network equipment such as IP cameras, POE injector, POE switches, etc.

### Specification

Item	TW-SP005-POE	
Technique Data	Signal	Power
Interface Type	RJ45	
Rated Load Voltage Un (v)	12	48
Limited Voltage (v)	≤60V	≤60V
Max Transmission Rate fg (Mbps)	100	--
Max Discharge Current	10KA	10KA
Rated Discharge Current in	Wire Ground	5KA
	Ground Ground	10KA
Protected Wire	1, 2, 3, 6	1, 2, 3, 6 or 4, 5, 7, 8
Response Time (ns)	<1	<25
Insert Loss (dB)	0.5	
Net Weight	0.15 KG/PC	

### Product Terminal and Dimension Introduction:
